FESCO's transportation geography

- Port
- Junctions
- Railway lines
- Shipping services
- Terminals
- FESCO offices

FESCO launched public container train services from Chinese cities to Minsk via Kazakhstan or Mongolia, and started a public container train service from Xi'an (China) to St Petersburg via Kazakhstan's land border crossings.

FESCO launched transportation services between Russia and the port of Durban (South Africa), with a transit time of approximately 40 days. Through its own local agent, the Company also provides road transportation services throughout South Africa.

The Company began direct vessel calls at Bangkok (Thailand) and Pasir Gudang (Malaysia) as part of the FESCO Intra Asia Service international route connecting the nations of Southeast Asia.
